BIOTALENT Multiplier Event

5th September 2018 EduFor, Managalde (PT)

E- Learning through BIOTALENT course is achieved through a more constructivist pedagogical methodology, which is based on Inquiry.

Inquiry Based Learning is a more learner centered methodology.

Trainer is a facilitator in the learning process.

Through Inquiry Based Methodology e- learners:

- **Are stimulated to discover knowledge by themselves**
- **Take charge of their learning**
- **Develop Critical Thinking**
- **Are inspired for further investigation**
- **Learn to work in groups**
- **Provide solutions and design technology and arts products that demonstrate their thinking and make their learning visible**
